

Tell me something good!

Because the design placed top in its category it will automatically be moved forward to the District level.

Kylie (Boyd) Booth, Clara Saenz and Chanelle (Riggle) Young were very impressed with all the changes. Borger High School welcomes any alumni that would be interested in touring the school to call and make an appointment. We are very proud of the school and are appreciative of the community support in passing the bond!

The students in this class are required to design a community service project. Isabella and Ryan partnered with Mutt Hutt Rescue to complete their project. The event was held on March 13th in the Ace Hardware parking lot. The event was a success as seven dogs were adopted to loving families! Thank you to Ryan and Isabella for their hard work in making this a success and to Leslie Young for her leadership.

Borger High School is proud of its graduates serving in the military and has an open invitation for them to return and lead the school in the pledges. Alex also took the time to visit the other campuses to lead the pledge and visit some classrooms. We are proud of you Alex, and you are in our prayers!
