Introduction

The Borger High School SBDM committee met on August 18, 2022 to assess the needs and strengths of Borger High School. The needs assessment enabled the committee to identify gaps in curriculum, instruction, and other areas of importance. Evidence compiled from the needs assessment were used to develop activities/strategies in the Campus Improvement Plan. Recommendations for the 2022-2023 Campus Improvement Plan were based on the study/dis-aggregation of the following data:

- a. STAAR data
- b. AYP data
- c. ACT/SAT results
- d. Campus Demographic Data

Demographics

Borger, Texas in Hutchinson County is in the Texas Panhandle. Borger High School consists of four grades (9th - 12th) and serves around 800 students. According to the latest TAPR report, Borger High School is approximately 2.5 percent African-American, 46 percent Hispanic and 47 percent White and 5.5% other. Also, according to the latest TAPR report, 7 percent of the campus is listed as Bilingual/ESL, 7.1 percent Gifted and Talented and 12.4 percent of the campus is listed as special education. Finally, 53% of the campus is Non-Educationally Disadvantaged, 47% of the campus is listed as Economically Disadvantaged and 49.5% of the campus is At-Risk. Further, Hispanic, At-Risk and Economically Disadvantaged populations continue to increase.

Student Findings

Borger High School results for 2021-2022 were above the state across all subjects. English I results were 72% compared to the state at 62%, English II results were 75% compared to the state at 71%, Mathematics showed significant improvement over the state at 91% compared to the state at 72%, Science was 93% compare to the state at 81%. Also, Social studies showed improvement over the state with 90% compared to the state at 89%.

Overall, it was found that Special Education, Economically Disadvantaged and Hispanic students scored lower on tests than other students and that these areas are an increasing part of the student population or, as in the case of the Special Education students are at a higher percentage of the population compared to the district or the state average percentages.
